PARKING PLAN COMMITTEE RECRUITMENT

How do you feel about resident parking spaces? Do we have too few? Too many? Is the balance of resident to non-resident parking appropriate? Are the parking locations appropriate? Have you ever considered what Lions Bay could do to better its parking situation? If so, the Village is offering an opportunity, right now, to get involved.

The Village is putting out a call for volunteers for a new Select Committee tasked with delivering a holistic parking plan for the Village by spring 2016. By joining a municipal committee, you can have an impact on policies that matter most to you and the well being of our community. If you have the experience or qualifications that would contribute to this community-building opportunity and provide meaningful input to our parking situation, please download the application form from the Village website

and drop it off at the Village office in an envelope marking "Parking Plan Committee Application" by October 10, 2015.
