Municipal Update

Friday, February 19, 2016

HARVEY CREEK ACCESS ROAD

Contractors will soon be working to clear a debris slide that has covered the access road to the Harvey Creek water intake. Please note that water supply has not been affected by this slide, merely access to the intake itself. The Village has been working with Emergency Management BC (EMBC), geotechnical and engineering experts, and the Ministry of Forests, Lands, and Natural Resources Operations (FLNRO) to come up with a unified approach to responding to this latest debris slide. The cost of this unified response will be paid by the Provincial Emergency Program.

The response work will commence with tree falling and rock scaling next week, weather permitting. Once that portion is complete and geotechnical assessments are done, hauling out the considerable debris will commence. Please be very aware when walking on the Harvey access road that there will be significant activity over the coming weeks, and please avoid the immediate area as much as possible until this work is complete. As always, obey any signage and crews working in the area to ensure your safety and theirs.

UPCOMING COUNCIL & COMMITTEE MEETINGS

All meetings take place in Council Chambers unless otherwise noted. The Village Office is open until 6:30pm on *Regular Council Meeting* nights.

- Parking Plan Committee - February 22, 2016 at 7:00pm
- Parking Plan Committee - February 25, 2016 at 7:00pm

Note: please check the Village website calendar for meeting schedule changes or cancellations.
