Village Update
SPECIAL EDITION

October 27, 2022

Did you know bears love pumpkins?

We are looking forward to carving pumpkins and seeing those little trick-or-treaters knocking on our doors on Oct 31st. For our bears, who are having the last big forage before hibernation, pumpkins represent a tasty and nutritious snack! They are not alone in this knowledge, racoons, skunks, squirrels, and rodents also like pumpkins.

We have been pleasantly surprised that the fall bear activity is rather quiet, although **we have had a few bear sightings in the village this week**. Please help us to keep attractants out of sight, by keeping pumpkins inside until the 31st, and turning those Jack-o'-lanterns into a **tasty family meal** or disposing of them in your green waste the next day.

GARBAGE AND ORGANICS COLLECTION SCHEDULES – No Change

This week is a garbage week as well as food waste, garden waste and recycling.
