UPDATES FROM THE MUNICIPALITY

UPDATES FROM THE YARD

With rain in the forecast through late October, and groundwater percolation and recharge improving, the Public Works team is confident we can remove outdoor water use restrictions and go to Level 0, effective immediately. Lions Bay came through this summer's serious drought without having to go to onerous Level 3 conservation, and here at the Yard we're grateful for the community's response when we asked.

Time to Sow!

Please join the Lions Bay Butterflyway team for a free seed-sharing and planting workshop on **November 4** at 10 am at the Village Hall. (400 Centre Road) We have collected lots of seeds from our pollinator-friendly plants and we would love to see them distributed throughout the village to help support local bees, butterflies, flies and beetles that depend on nectar and pollen for their development. Come and learn some of the fundamentals of how to grow native plants from seed. We will provide seeds, pots, soil and scones. All you need to provide is enthusiasm and the ability to nurture some seeds throughout the winter. If you would like to take seeds away with you, bring some envelopes. In the spring you can plant your own pollinator garden or donate your seedlings to other gardeners. This is an amazing way to help keep our local ecosystem thriving!
