Traffic at the Underpass is very busy morning and afternoon. Please be extra cautious dropping off or picking up your students from the bus.

Furthermore, if you need to turn around either before or after student drop-off or pick up, please do not do so under the bridge as it is an unsafe location. As an alternative, please consider driving further down Lions Bay Avenue and select a safe and appropriate location for turning around ,or alternatively, consider using the park and ride parking lot as an alternative for turning around safely.

West Vancouver School District is seeking a local snow removal contractor to provide early-morning hand shoveling service for Lions Bay Community School this winter (the municipality takes care of plowable areas).
