This Film Permit allows for parking of work trucks, and crew vehicles in the following designated areas:

- Lions Bay Beach Park, trucks and auxiliary
- Lions Bay School Gravel Lot, trucks and auxiliary
- Centre Road adjacent to store 1 block for trucks and auxiliary
- Crosscreek Road along fence for trucks and displaced residential overflow parking

TRAFFIC CONTROL
Traffic and Safety Controllers will be at designated and high volume areas, to inform residents and mitigate and number of issues that may arise.

ACCESS TO STORE FOR MAILROOM:
The mailroom will remain open and accessible throughout the permit period. At least two parking spots have been reserved for residents to park and pick up their mail. However, you may be asked to wait momentarily to finish a shot, or equipment being moved.

Large parcels that do not fit in the parcel pick up boxes will be re-routed to Squamish Postal Centre at **38064 Cleveland Avenue** for pick-up until **Friday, April 4th**, and will be re-routed back to Lions Bay Post Office on **Monday, April 7th**. If you have any questions regarding this, you may contact:

Canada Post at 1-800-267-1177.

The decision to reroute parcels to Squamish was made by Canada Post, as it is the closest 'corporate' outlet. Postal locations in Horseshoe Bay, or Caulfeild are privately owned and not able to accept parcels being rerouted.

Thank you for your cooperation, support, and understanding for filming in Lions Bay. For further information on filming Lions Bay, please refer to: **Film Policy 1902**.

You may also contact the office at 604-921-9333 ext 1004, or email Karen Jeffery, Film Liaison at **kjeffery@lionsbay.ca**.

COMMUNITY NOTICE

ANNUAL VEGETATION MANAGEMENT PROGRAM

Each year, CN is required to manage vegetation on its right-of-way. Managing this vegetation contributes to mitigating fire risks and enhances the efficiency of inspection of track infrastructure.

To ensure safe railway operations, CN will conduct its annual vegetation management program on its rail lines in the province of British Columbia. A certified professional (Davey Tree Expert Company of Canada, Ltd., 1-800-465-6367) will apply herbicides on and around the railway tracks (primarily along the 24-foot graveled area/ballast). The use of pesticides is intended within the area to which the pest management plan applies. All product requirements for setbacks in the vicinity of dwellings, aquatic environments, and municipal water supplies will be met.

CN only uses herbicides that have been approved for use in Canada and in the province within which they are applied.

The program is expected to take place from April to October 2025.

Visit **www.cn.ca/vegetation** for more information or to make an inquiry, contact the CN Public Inquiry Line at **contact@cn.ca** or 1-888-888-5909.
