UPDATES FROM THE MUNICIPALITY

EXIT CLOSURES

Early notice that Miller-Capilano, the Highway 99 maintenance concessionaire through Lions Bay, will be repaving southbound lanes from Brunswick Beach to Kelvin Grove, from Monday **July 7 to Friday July 11 weather permitting. The southbound Brunswick, Lions Bay Ave. and Kelvin Grove Way highway exits will be intermittently closed, daytime**. Signage will direct drivers leaving Lions Bay southbound (for West Van and the city) to first head north, either to a still-open Lions Bay exit, or as far as the highway turnround past Archer Point, a 14.6 km round trip. Drivers from the north for Lions Bay will need to pass through Lions Bay to an open exit, or to the Sunset Beach turnaround, 16.2 km there and back; large vehicles will need to use Ansell Place. 262 bus service will use northbound stops only--Kelvin Grove 99 onramp, municipal campus and Brunswick Beach. Miller-Cap acknowledges the inconvenience.

PARKING

- Addressing recent questions, the fire lane at the entrance to Lions Bay Beach Park is designated No Parking. The Traffic and Parking Bylaw defines as parking "…the stopping of a vehicle, whether occupied or not, except when stopping temporarily for the purpose of and **while actively and visibly engaged in loading or unloading for no longer than fifteen (15) minutes**." Stopping to unload and load people and materials is allowed. Parking is not, and Bylaw has no way of knowing when a driver left or is coming back. Annual Passes only allow vehicles to park in some reserved spots, not to skirt rules that need to apply to all. Please discuss with Lions Bay's elected representatives the bylaws municipal staff are actually employed to enforce.

- About feedback that Annual Pass street signs are a woke alternative to "Resident Permit," not only are the decals that are issued to residents, staff, volunteers and contractors *called* Annual Passes, the idea behind any street sign wording is to not provide any sense of entitlement and provoke **vandalism** that unfortunately does result from visitors increasingly desperately looking for parking on public streets.
