

Hello Lions Bay! My name is Jaime Cunliffe &

I ABSOLUTELY LOVE WHERE WE LIVE!

My most important job is that of wife & mum to my husband & 4 children. Second to that is my commitment to the friends, neighbours, and now honorary family members that make up our broader community. It is the health and vitality of this family that I look to nurture in the role of Village Councillor.

We are a small community with many strengths & challenges. I am by nature a problem solver and believe that with collaboration, hard work, open dialogue, and creative minds, solutions are always possible.

Every Council, present and future, will need to address new and often unforeseen challenges. I believe the current Council has a solid plan and I support the strategies that are in place. Here are some additional issues to consider when thinking about our Community:

Highway

- safety and the effect this has on our volunteers and our children
- noise pollution

School

- work with WVSD 45 to ensure the Lions Bay Community School thrives

Community/Volunteer groups

- support this grass roots level of our community, these groups are essential to so many different aspects of our Village

Housing

- alternative housing options
- safety of all residents

Environment

- continued access and enjoyment of our public spaces for all to enjoy equally
- work with neighbouring communities to responsibly protect Howe Sound

This is just some of what Council is currently facing, and there will always be new issues to address. In my personal life, I live by the 'Golden Rule', and reciprocate respect to all members of society. I consider it a privilege and honour to serve my community.

Please join Neville Abbott and I at the Lions Bay Cafe from 1-3pm Saturday October 20th, for a 'Meet & Greet' and let us know what is important to you!

I will be attending a 2nd 'Meet & Greet' at the home of Kim Mailey & Victoria Rogers ~ 185 Tidewater Way, in Kelvin Grove from 2-4pm Sunday October 21st

Jaime Cunliffe
