Village Update

Updates from the Municipality

KELVIN GROVE WWTP

CONSTRUCTION UPDATE

**DISCONNECTION POSTPONED BY ONE DAY
DO NOT USE SEWER THIS THURSDAY, APRIL
30 BETWEEN 3:00 AM and 6:00AM**

Due to an internal scheduling issue, Industria has had to push the connection work to Thursday, April 30, 2020 between the hours of 3:00 AM and 6:00 AM.

During this timeframe, Industria will be temporarily disconnecting the sewer line feeding the wastewater treatment plant in order to install an inline valve and tee connection. This work is essential to the re-routing of sewage into the temporary treatment plant. Please do not use sewer (laundry, dishwashers, showers, toilets, etc.) during the specified time.

The Village of Lions Bay apologizes for the inconvenience caused and thanks you for your co-operation during this critical connection of the main sewer line to the temporary treatment plant. For information, questions or concerns, please contact Public Works at 604-921-9833 or works@lionsbay.ca.

This message will also be hand delivered to residents in the Kelvin Grove neighbourhood. If you did not receive the Village Update please consider [signing up](#) as it is a vital communication tool the Municipality uses to convey key Municipal information.
