Public Works Plea for Help!

The Municipality provides public garbage bins at parks, trails, and bus stops as a courtesy to park, trail and transit users in order to keep these areas free of litter and inhibit wildlife attractants thereby making it safe. These bins are collected once every two weeks for most of the year, and once a week between May and October.

Unfortunately, what we are seeing is that people are stuffing household garbage in these bins and filling them up prematurely. This prohibits the bins from serving the purpose for which they were intended and creates an unsightly mess and a wildlife

attractant. In an effort to stop this, staff have installed restrictor plates on two cans as a trial run. The restrictor plates limit the size of garbage that can be placed in the bin. We are not sure if this will deter the practice but are hopeful.

In the meantime, we ask the public for their assistance in identifying individuals that are disposing of their household waste in our public bins. Let's keep our Village litter-free.

Have extra garbage on collection day? Buy extra garbage tags at the Village Office. Tags are \$4 for each extra 77 L bag or can and they don't expire.
