News from the Municipality

Remembrance Day November 11, 2021

An outdoor Remembrance Day Celebration will occur November 11th starting at 10:30 a.m. sharp at the front of the Municipal complex.

Traffic on Crosscreek will be slowed to accommodate the event. Parking is extremely limited in the area and those who wish to attend are encouraged to walk to the Memorial Cairn area. There will be limited covered seating. The ceremony will be brief.

You are welcome to come to the Cairn throughout Remembrance Day to observe the wreaths, to pay your respects, and reflect on the day.

The Village Office will be closed and will reopen on November 12th at 9:00 a.m.

Lions Bay: Are we “general urban” or “rural” (inside or outside the Urban Containment Boundary)?

Issued by Council for the Village of Lions Bay

Why are we asking this question?

All municipalities in BC belong to a Regional District. Lions Bay is a member municipality of the Metro Vancouver Regional District (MVRD, or “Metro”), previously known as the Greater Vancouver Regional District (GVRD).

When Metro implemented their new bylaw to restrict and regulate the use of residential wood burning appliances, the fact that Lions Bay is designated as urban and identified as being within Metro’s Urban Containment Boundary (UCB), meant we would be subject to additional requirements and ultimately a ban of non-compliant wood stoves and open fireplaces unless manufactured fire logs were used. Communities outside the UCB are not subject to these additional requirements, including the Villages of Anmore and Belcarra, and Bowen Island.

Lions Bay asked to be exempted from the wood burning bylaw in accordance with the community’s wishes (public consultation throughout the Village occurred in 2019). This request was denied by Metro, although an extension for full compliance was granted until September 2032.

When the bylaw came into effect this year, over 200 Lions Bay residents signed a request for Council to move Lions Bay outside the UCB.

Council also heard from residents at council meetings and by email. Staff from Metro Vancouver were invited to address Council to answer questions about the difference between “general urban” and “rural” communities, and what the urban containment boundary means in Metro’s plan for the region.

The request received from residents was discussed by Council at its regular meeting on July 27th, 2021, and Council decided to ask the community the question formally: in terms of how we live and how Metro defines urban and rural communities, is Lions Bay “general urban” or “rural”? With the benefit of additional information, Council is asking you to [Have Your Say](#).

How does Metro define a rural community (outside the UCB)?

- Level of development does not require urban services from Metro (sewer or transit within the community)
- Protect character of rural communities, landscapes, and environmental qualities
- Uses: low density residential; small scale commercial, industrial, and institutional uses; agriculture
- Not intended for future urban development

How does Metro define an urban community (inside the UCB)?

- Residential neighbourhoods, shopping, services, institutions, recreation, parks – “urban densities”
- Place-making, enriched public realm, transit-oriented communities
- Transit, multiple-occupancy vehicles, cycling, and walking are the preferred modes of transportation.

Council has compiled background information and a list of Frequently Asked Questions in a Have Your Say brochure you will receive in your mailbox (one response per Lions Bay resident or property owner, not one per household). It includes a form for you to weigh in on this question which you may complete and drop off at the office, or scan and email to feedback@lionsbay.ca. **Preferably**, residents and property owners will fill out [the information and form online](#) so that it can be automatically compiled and

formatted through the Village website software.

The deadline to complete the survey is Monday, November 15, 2021. Copies of the questionnaire are also available at the Village Office.

BA Blacktop has suspended paving on Isleview Place due to the inclement weather. In discussion with Public Works, BA's has confirmed that are currently in a holding pattern and are waiting for several dry weather days in order to continue with their work. Please keep an eye on [this webpage](#) for further updates.

Why can't they pave in the rain?

Poor weather conditions and colder temperatures can have disastrous effects on the asphalt paving process. In colder weather, the asphalt loses too much heat too quickly as it's transported from the plant to the worksite. This leads to considerable spoilage or loss that the contractor has to absorb within their costs. Another issue is that when asphalt cools, it becomes less workable and can't be properly compacted which eventually leads to premature cracking and failure of the finished product.

Intense rain exacerbates the process by causing asphalt to cool faster and more importantly, can cause steam to form between the asphalt and the base, compromising the installation. This trapped steam will eventually condense into water which undermines the integrity of the finished product. Over a short period, the trapped moisture will freeze and thaw, expand and contract, leading to cracks and pothole formation in the pavement.

There may come a point where paving of Isleview Place cannot proceed at all. Public Works will keep residents as informed as we can and will advise if we reach this point.

We apologize for the inconvenience this work has caused, and may cause moving forward, and thank you for your patience and understanding. If you have any questions or concerns or have any special issues that need addressing, please email works@lionsbay.ca.

Christmas Tree Pre-Ordering Feedback Needed

This December the Lions Bay School PAC will again be selling Christmas Trees and would love to know if you intend to order one. As one of the few COVID friendly fundraising opportunities in an otherwise tricky period, having an idea of demand will help us to avoid over or under ordering.

If you – or anyone you know - would like to support our little school in the forest with the purchase of a tree, please let us know via [Lions Bay School Xmas Trees 2021](#).

As a reminder, last year we had varieties ranging from 6ft - 13ft with you choose or local home delivery available. Order forms and further details coming soon.

Thank you very much for your support.

NOVEMBER SCHOLARSHIP FOUNDATION FUNDRAISING CAMPAIGN

Over the past 17 years the LBCSF has awarded 59 Scholarships totalling over \$23,000.

NOVEMBER FUNDRAISING CAMPAIGN ~ Please MAKE YOUR CONTRIBUTION !

Join us in meeting our goal to recognize **more** of our community's outstanding students and with **more substantial** awards. We seek to double our \$80,000 endowment in 2021. To meet our motto, "**Helping Our Students Grow**" we must "**Help Our Endowment Grow**".

Major donors have provided an amazing start raising \$31,477 of our \$80,000 goal since April 2021. This November, we ask the Lions Bay Community to join our Major Donors to collectively match (and surpass) the \$31,477 raised to date taking us well toward our goal.

Our LBCSF Endowment is fully sustainable, the principal remains intact each year with the Vancity Foundation. Your tax deductible donation, will continue to give in perpetuity, so we may always recognize our Village graduates.

Please Donate ~ Your Contribution will make a difference :

1. Donate directly online [DONATE](#)
2. Send a Cheque to the 'Lions Bay Community Scholarship Foundation',

All Donations over \$20 will receive a 2021 Tax Receipt.

*Thank you to our 2021 Donors for their generosity.
Please join these donors in supporting the students of Lions Bay.*
