## Single Vehicle Accident at Sunset Gate

For those who may have heard, and for those who haven't, there was a single vehicle MVA incident at the Sunset Drive gate early on Monday morning. A car crashed into our concrete barrier and caught fire. Local residents attempted to assist and got the young lady out but she succumbed to her injuries. Lions Bay Fire Rescue also attended the scene, along with RCMP and the Coroner's office. Upon investigation of the scene, the RCMP advised there was no indication of foul play or risk to the public. We have been advised that the deceased was a non-resident and that those who assisted at the scene received counselling from RCMP victim services. Thanks to all for responding to this unfortunate and tragic event.
