EAT TOGETHER

A Community Event Proposal for an Elegant Evening at Lions Bay Beach Park

Goal

To bring at least 100 Lions Bayer's together for an elegant community dinner & concert experience.

Who

Lions Bay House Concerts, in partnership with Lions Bay Arts Council (confirmed presenting-partner support), Lions Bay Events Committee (confirmed presenting-partner support) and the Village of Lions Bay (tbd). Additionally, we hope that this event will gain supporting sponsors (Thyra McKilligan, Superstore|PC, Safeway Caulfield and Marilyn's), Private Donors, as well as a Vancouver Foundation - Neighbourhood Small Grant.

Date & Location

Lions Bay Beach Park for AUGUST 20, 2017.

Theme

Conviviality, Togetherness, and Friendship, Enjoyment of arts and culture

Format

A "long table" shared dinner — AIMED AT ALL VOLB RESIDENTS — followed by a concert on the grass, at Lions Bay Beach Park.

Entertainment

TBD. Style of music is Jazz | R&B.

Event Registration

While the event is FREE, attendees must have an e-ticket (through LionsBayHouseConcerts.com) so that we can accurately record who is attending.

Seating is reserved. Attendees will be greeted and "checked-in". We will endeavor to mix newcomer with oldtimer, seat children together at a "kids table", and generally mix things up!

Inspiration

1. DINNER EN BLANC: <https://vancouver.dinerenblanc.com/> (AUG 24, 2017)
2. President's Choice Commercial : <https://www.youtube.com/watch?v=vDuA9OPyp6I>

Lions Bayers, and aspiring Lions Bayers, dressed in white, and conducting themselves with the greatest decorum, elegance, and etiquette, all meet for a mass "chic picnic" in a public space (Lions Bay Beach Park).

Long tables, set with white linens, are set end-to-end on the grass along the top of Lions Bay Beach Park. Diners arrive, bringing their individual (family) picnic basket dinner. They are greeted and seated, and they then settle in arranging their own dinner, plates, cutlery and non-alcoholic drink, and quickly "mix-in". Friend meets friend, neighbor meets neighbor anew. As they convivially gather there is soulful jazz / R&B music playing in the air. When the band breaks after the first set, folks wander back to the tables for dinner and mixing, get a chance to

talk to the local performers, enjoy good company, or just relax and stare off at the vista for 40 minutes.

After the dinner break food tables are hastily broken down, packed up and neatly put to the side (group effort). The band then swings into a rousing second set of heavy R&B grooves, with kids dancing up front.

As the sun sets on Lions Bay Beach it is time for Presenting Partners' "Thank You" and "Good Nights".

The event will be approximately 3.25 hours, ideally from 5:00pm to 8:15pm (sunset).

Weather forecast: Partly Sunny. High 25 Low 16 (4 degrees above historical average)

Event Parking

To be discussed with VOLB.

Accessibility

It is important to the organizers that this event remain open and accessible to all members of the community, including those who are physically disabled or home-bound. Extra efforts will be made to include and assist these folks with their participation and enjoyment of the event. This includes, but is not limited to, parking and site access.

Proposed schedule:

30 MIN ARRIVE & SET UP TABLES (IF TABLES & CHAIRS PROVIDED BY VILLAGE THEN LAY OUT FOOD ON LONG TABLE)

20 MIN WORDS OF WELCOME

45 MIN SET ONE

45 MIN EAT

45 MIN SET TWO

10 MIN Thank You & GoodNight

Please let us know if The Village of Lions Bay would be able to:

1. Endorse the event as a presenting partner (we're all working together).
2. Provide tables, chairs, and use of the Beach Park area.
3. Table and chair setup, including delivery and pickup from site
4. Event promotion through Village Update.

We will be applying the Vancouver Foundation - Neighbourhood Small Grant for a \$500 Block Party grant to help off-set costs. As part of the fulfillment to VF-NSG we will produce a 5 min event video, include their logo in all materials and have a banner at the event. Vancouver Foundation sponsor will also be present at the event. I will also be presenting the "Concert In the Park" event as a case study at a Vancouver Foundation conference in September, 2017.

We truly hope that "EAT TOGETHER" will become an on-going Village of Lions Bay legacy community event, enjoyed by all for years to come!

Thanks for considering this exciting opportunity to collaborate.

CARRIED

C. Community Amenity Contribution Policy No. 1703 – On Table

CAO DeJong highlighted on what amendments were made to the Community Amenity Contribution Policy. He suggested that Council to be cautious with lowering the fees of the Community Amenity Contribution in a non-incremental way, explaining that since it is such constrained land, we do not want to make it so attractive that developers want to purchase and subdivide beyond the reasonable capacity of Lions Bay, as what works for other municipalities may not work here. Council proceeded to discuss the policy at length and referred it back to staff for further research on the best option available after articulating their opinions.

Moved/Seconded

THAT Community Amenity Contributions Policy No. 1703 be referred back to staff to do further research and report back to Council.

CARRIED

Audio: 01:20

8. Reports

A. Staff

- (1) THAT the Consulting Services Agreement Addendum extending the contract with Steven Olmstead be approved in substantially the form attached to this report.
- (2) THAT the CAO be authorized to execute the Consulting Services Agreement Addendum on behalf of the Municipality.

CARRIED

Audio: 01:37

iv. Planning Consultant: Designation of Development Permit Areas and Consequential OCP Amendment

CAO DeJong explained why a geotechnical report should be required in order to adequately assess natural hazard conditions and to prepare development guidelines for development on land subject to natural hazards, which is currently lacking in Lions Bay.

Moved/Seconded

- (1) THAT the request for decision report titled “Designation of Development Permit Areas and Consequential Official Community Plan Amendments” dated June 27, 2017 be received.
- (2) THAT an amendment to the Official Community Plan to designate development permit areas regarding hazardous conditions and riparian areas be commenced.
- (3) THAT an opportunity for early and ongoing consultation be provided to the Squamish Nation in conjunction with the OCP amendment.
- (4) THAT preparation of a reconnaissance level hazard assessment study intended to provide technical background and development guidelines for each development permit area be authorized.
- (5) That a public meeting be held in advance of the public hearing to inform residents and property owners of the methodology and findings of the hazard assessment study and to answer questions.

CARRIED

Audio: 01:55

v. CAO: 2017 Parking Recommendations – On Table

Council reviewed the draft parking map which outlined areas where residents and visitors can or cannot park and discussed the parking signage.

Moved/Seconded

THAT the Draft Parking Map attached to this report be approved, subject to resolution of the conflict areas.

CARRIED

THAT the Manual on Uniform Traffic Control Devices (MUTCD) for Canada be adopted as the standard by which the Lions Bay Public Works Department shall operate with respect to all signage, other than custom signage demonstrably necessary as a result of unique Lions Bay circumstances, the design and content of such signage to be determined by the Manager of Public Works and referred to Council for comment and approval.

CARRIED

THAT staff proceed with removing, installing and purchasing signage necessary to implement recommendations (1) and (2), as amended, up to the amount budgeted for parking related spending in the 2017-2021 Financial Plan.

CARRIED

vi. Film Application Exemption from Parks Bylaw – On Table

Moved/Seconded

THAT Film Permit Application #17-06 and its associated activity, filming a controlled bonfire, be exempted from the provisions of Parks Bylaw No. 448, 2012, section 6.2:

“No person except members of Lions Bay Fire Rescue, acting upon authorization for the Village for community events, shall cause, permit or allow a fire to burn in a park or community facility”

Council discussed additional conditions to be imposed.

Moved/Seconded

THAT permission be subject to Lions Bay Fire Rescue (LBFR) being available and present at all times with required crew and equipment at the cost of the applicant in accordance with LBFR fees, and provided that the filming cannot take place on July 12, 2017.

MAIN MOTION AS AMENDED:

THAT Film Permit Application #17-06 and its associated activity, filming a controlled bonfire 4-6 hours one day during the week of July 10-14, 2017, be exempted from the provisions of Parks Regulation Bylaw No. 448, 2012, as amended, section 6.2, subject to Lions Bay Fire Rescue (LBFR) being available and present at all times with required crew and equipment at the cost of the applicant in accordance with LBFR fees, and provided that the filming cannot take place on July 12, 2017.

CARRIED

Audio: 03:06

vii. Lions Bay Beach Park Committee

The Public Works Manager informed Council that staff are working with the District of West Vancouver to use their Terms of Reference from the Horseshoe Bay Park Committee and once they are finalized, they will bring forward a recommendation to Council.

B. Mayor

i. Highway 99 Lions Bay Performance Review – On Table

Mayor Buhr reported that the vehicles on Southview were removed by MOTI and also provided a Highway 99 Performance Review by MOTI which Council was encouraged to read.

C. Council

i. Pulling Together Canoe Journey

Councillor McLaughlin noted that staff has sent around emails from Pulling Together finalizing the details and that a piece should go into the Village Update notifying residents.

THE MUNICIPALITY OF THE VILLAGE OF LIONS BAY

Type	Request for Decision		
Title	MFA Equipment Financing Resolution		
Author	Pamela Rooke	Reviewed By:	
Date	July 21, 2017	Version	
Issued for	July 25, 2017 Regular Council Meeting		

RECOMMENDATION

THAT Council direct staff to prepare and submit an application to the Municipal Finance Authority for equipment financing pursuant to Section 175 of the *Community Charter* up to a maximum of \$145,000 for the purchase of a backhoe/loader. The maximum term of the loan is five (5) years with no rights of renewal.

KEY INFORMATION

The 2017-2021 Five Year Financial Plan Bylaw adopted by Council on May 5, 2017 included the 2017 capital purchase of a backhoe/loader to be funded by taxation. The purchase was to be financed over a five year period through lease/borrowing. The MFA offers an equipment financing program for the purchase of equipment. Under the program, the Village retains ownership of the equipment with low interest rates (current rate is 1.65%), no fees or taxes and no penalties for paying out early.

FINANCIAL CONSIDERATIONS

The capital purchase and the estimated interest and principal payments have been included in the 2017-2021 Five Year Financial Plan Bylaw.

FOLLOW UP ACTION

Assuming the Resolution is approved, it will be included in the MFA Equipment Financing Program application prepared by staff and submitted to the MFA for approval.

Dear Mayor and Council,

I am writing to request your support for three resolutions submitted by New Westminster City Council to UBCM for consideration at the 2017 Convention, regarding 1) addressing homelessness, 2) restorative justice training, and 3) renovictions. The three resolutions follow below:

1) City of New Westminster resolution regarding addressing homelessness (adopted June 12, 2017)

Whereas the homeless population in Metro Vancouver increased by 29.8% between 2014 and 2017.

Whereas the federal Homelessness Partnering Strategy has focused its resources on crisis response to the chronically and episodically homeless resulting in those at-risk of homelessness not being eligible for housing support and advocacy services.

Whereas municipalities have experienced significant funding cuts to housing outreach, referral and advocacy services, and inadequate senior government funding to address addictions and mental illness are significantly impacting the sheltered and unsheltered homeless population.

THEREFORE, BE IT RESOLVED:

THAT the Union of BC Municipalities urge the Provincial Government to work collaboratively with the Federal Government to place equal emphasis on homelessness prevention and crisis response, to increase funding for housing outreach, referral and advocacy services, and to provide additional funding to address addictions and mental health.

2) City of New Westminster resolution regarding Restorative Justice training as a component of Law Enforcement training (adopted June 12, 2017)

Whereas Restorative Justice has become a valuable tool in addressing certain criminal activities, by mediating a dialogue between the victim and the offender;

And whereas this interaction creates a direct accountability, restitution and apology from the offender;

And further whereas this methods of redress reduces the volume of cases before the courts;

Therefore be it resolved that senior levels of government mandate that Restorative Justice training become a compulsory component of Law Enforcement training.

3) City of New Westminster resolution regarding Renovictions and calling for amendments to the Residential Tenancy Act (adopted June 26, 2017)

Whereas the practice of renovictions, by which some landlords evict their tenants under the guise of performing major renovations and then significantly increase the rent of those units, is on the rise in our province; and

Whereas this practice is very disruptive to those impacted, including the elderly, low-income families and new immigrants, and contributes to housing unaffordability and homelessness; and

Whereas municipalities are limited in their ability to address this issue and many tenants are unaware of their rights or are reluctant to exercise them;

THEREFORE, BE IT RESOLVED:

THAT the Union of BC Municipalities urge the Provincial Government to undertake a broad review of the Residential Tenancy Act including, but not limited to, amending the Residential Tenancy Act to:

- *allow renters the right of first refusal to return to their units at a rent that is no more than what the landlord could lawfully have charged, including allowable annual increases, if there had been no interruption in the tenancy;*
- *eliminate or amend fixed-term tenancy agreements to prevent significant rent increases upon renewal; and;*

- *permit one tenant or applicant to represent and take collective action on behalf of all tenants in a building.*

If you have any questions or would like more information about these resolutions, please contact me at jcote@newwestcity.ca or 604-527-4522.

Your support is appreciated.

Yours truly,

His Worship Karl Buhr, Mayor
400 Centre Road
Lions Bay, BC, V0N 2E0

Dear Karl Buhr, *Dear Mayor*

Maintaining a strong and close connection with the many communities our trains travel through is something we pride ourselves in doing at CN. We are proud of our role as a backbone of the North American economy with a network stretching from the Port of Halifax to the Port of New Orleans to the Port of Vancouver or the Port of Prince Rupert. In addition to the jobs we create and support, and the goods we move, we take very seriously our responsibility to foster prosperity in the communities we serve.

Safety is a core value at CN and we work diligently every day to reinforce our strong safety culture with our employees, customers and our communities. By engaging with communities and local authorities, we can help prevent railroad crossing and trespassing accidents. Rail safety is a shared responsibility, and together we can save lives.

That is why we are pleased to send you 2017's *CN in Your Community* publication. I encourage you to read through the report, which describes some of the many ways CN supports communities across our network, including the capital investments we make in your region that support jobs and bring products to local, national and international markets. This year, you will also find a special report on CN's \$5 million contribution to help Syrian Refugees settle into Canada and our partnership with the Community Foundations of Canada.

To celebrate Canada 150th anniversary, CN in partnership with TreeCanada is planting a special tree along with a commemorative plaque in almost 100 communities. As part of that effort, more than 50 municipalities will each receive a grant of \$25,000 to plant trees in their community. CN is also sponsoring the Confederation Centre of the Arts to support a troupe of actors in the re-enactment of the Fathers of Confederation in Ottawa during the Federation of Canadian Municipalities Annual General Meeting from May 31 to June 4.

Finally, as we all know, disasters can hit communities when we least expect it. CN was proud to lead the Operation ReLeaf Program with a \$1 million contribution to plant trees for urban and residential areas to recover from May 2016 wildfires in the Fort McMurray area.

I invite you to contact your province lead, Mrs Joslyn Young, at 604-518-23617 directly or the CN Public Inquiry Line at 1-888-888-5909, with any questions or concerns.

Yours sincerely,

Sean

Dear Councillors:

Summer 2017 is well underway and it looks like it's going to be a beautiful hiking, climbing, trail running, camping, auto theft, paddling, and kiting season. Hold on... one of those things is not like the others!

Once again, my fellow outdoors people have started to fall victim to the rampant auto crime at popular outdoor recreation areas and trailheads; most notably, but not limited to, ones which access Garibaldi Provincial Park. Personally, my car was broken into in 2012. I have friends who have had cars broken into just this past weekend. It genuinely worries me when I park my car at these recreation areas. Auto crime of this nature in this area has impacted my choice of recreation in this area as a tourist.

Integrated Municipal Provincial Auto Crime Team (IMPACT) has the famous "Bait Car" program. Recently, they also expanded the program into "Bait Stuff" where GPS tagged goods would be put in cars and could be tracked after smash-and-grab break-ins. I strongly encourage you to liaise with the local RCMP, BC Parks, and BC Federation of Mountain Clubs to research if the "Bait Stuff" program can be brought to local trailheads and recreation spots.

Yours Truly,

James Nosella

Mayor & Council

1) On Sunday July 9th. at 10:00 A.M. the parking lot above the tracks (Lions Bay Ave.) was full...plus 1 parked incorrectly - (0) people at community beach.

2) On Sunday July 16th at 8:00 A.M. this parking lot had (7) empty spots and 1 parked incorrectly - (0) people at community beach.

It appears that this lot simply serves as an overflow lot for the marina, with little benefit to Lions Bay residents.

3) On Saturday July 15th. about 2:30 P.M. the loud thumping of the base from a large outside sound system (speakers on stands as you might see at a rock concert) commenced. This continued all day, and as the evening environment became somewhat quieter.....the thumping base became relatively much louder.
At 11:00 I called the party, and they seemed surprised that this was too loud! One would have thought that when one of my neighbours had visited them (even later than this) with last years party (around the same time of the month) they might have thought to consider their actions on the neighbours in the future....apparently not.

[REDACTED]

Possibly it should be pointed out, by someone in authority, that 9+ hours of constant noise is extremely inconsiderate of the neighbours.

MESSAGE FROM THE MAYOR

Hello Friends and Neighbours.

Herewith, Council's 2016 Annual Report to the taxpayers of the municipality, the document of record for the year. Lions Bay has a land area of 2.51 km², the 10th smallest municipality in BC. Our population is approximately 1550 (the 2016 Census says 1334, making us the 36th smallest in BC by headcount). At year-end 2016 there are 565 single-family properties assessed in July 2016 at an average value of \$1.62 mil. (\$1.44 mil. median), plus 26 multi-family properties and 3 commercial.

You'll find the details of our 2016 operating costs further on in this document, but as far as what has been invested over the years, here's a simplified snapshot. It excludes accounting items like receivables and payables (on the basis they will be collected or paid shortly) so it's definitely not PSAB or GAAP, and will make our CFO's hair stand on end, but the numbers are right, and this is what I use to see where we stand:

ASSETS	Dec. 31 2016 (mil.)
Municipally-owned land at cost	\$11.1
Buildings at cost	\$2.1
(less depreciation)	-\$0.7 35%
Roads & drainage at cost	\$4.5
(less depreciation)	-\$2.7 62%
Equipment, furniture, vehicles at cost (including Fire Rescue)	\$1.7
(less depreciation)	-\$1.1 65%
Other assets at cost	\$0.3
(less depreciation)	-\$0.1 26%
Water assets at cost	\$7.0
(less depreciation)	-\$2.6 37%
Wastewater assets at cost	\$0.8
(less depreciation)	-\$0.6 72%
	<hr/>
	\$19.7
Financial assets (excluding multi-year in-and-out items)	
Cash & cash equivalents	<hr/> \$2.2
	<hr/> <hr/> \$21.9
LIABILITIES & TAXPAYER EQUITY	
Taxpayer-approved long-term debt, at funding	\$1.8
Repayments	-\$0.6 32%
Multi-year operating liabilities (leases, mostly)	<hr/> \$0.1
	<hr/> \$1.3
	<hr/>
Taxpayer equity in Lions Bay	\$20.6
	<hr/> <hr/> \$21.9

The value today of everything that's ever been invested in Lions Bay is \$20.6 mil. Everything else that has ever been paid to Lions Bay has been...spent.

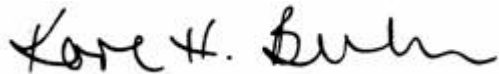

How about more qualitatively? Recent to this June 2017 writing I commiserated with a long-time resident that the times they are a-changing. We may have been "out here in the country" once, but today we are just 30 minutes from the big city, and our suburban-spacing properties are the second-most unaffordable in the province if the reports are to be believed. No surprise then that rental demand fills 1, 2, 3 and more secondary suites, many still undeclared. Traffic on the freeway bisecting our community is growing 20% a year, along with noise and crashes. Many newcomers have high service expectations commensurate with the property they just bought, but are too busy to join in. The volunteers we do have are overwhelmed. We need planning, purchasing and engineering departments just as much as in the big city, but can't afford them. Higher levels of government dump responsibilities on us, for example requiring separating garbage into no less than 6 streams (regular, organic, metal and hard plastic, glass, paper and electronic). What *is* more country-like, is that with declining enrolment our early-years school is under threat and after age 8 our kids leave the Village for school, league sport and community centres. In case it's not obvious, without a school we become a bedroom suburb for Vancouver (we're too steep to be a retirement community, and there's nowhere today for valued pioneers to downsize to anyway...but read on for how we're addressing this one, for starters). Our transit is under-utilised (too steep, too infrequent), our wildfire, landslide and debris flow risk is largely unknown, our water is self-produced from surface supply threatened by potential climate change, our septic systems are mostly past their lifespans with many owners denying they need replacement (hopefully not you). We heat with wood and oil (you see the yellow dome over Lions Bay on clear winter afternoons), our police station is 35 km away yet criminals learn about us on social media, the ones that can read anyway....

Quite the litany of woe. But wait. These issues all have solutions, some maybe longer term than others. So I'm very gratified that the community is generally supportive and accepting of changes needed to effect such solutions and that Council and staff are seizing the opportunity. Indeed, I increasingly see Council's main responsibility as ensuring that Lions Bay has competent professional staff at the coal face, to execute the priorities set by Council. And today we have that competency in spades. In the past two-and-a-half years, with staff guidance, Council has budgeted and funded projects that have:

- Permanently reduced average summer water consumption from 2.8 mil. to 1.3 mil. liters a day, with no Boil Water Advisories since December 2014.
- Produced a long-range infrastructure master plan, plus ancillary plans like a dynamic water system model.
- Secured a two-thirds \$246,000 grant from the New Building Canada Fund for safety and reliability improvements on our water distribution network.
- Brought in a powerful modern zoning bylaw that preserves the complete community, while encouraging cottages & duplexes to provide affordable housing and the ability for residents to downsize and remain in the community.
- Through well-executed communications, achieved about 93% voter approval of taking on debt to support grant funding, which was instrumental in lobbying for and obtaining 87% grant funding for an overdue \$2.7 mil. water distribution project,
- Produced a shovel-ready engineering plan for Bayview Road's failed drainage and camber from Mountain to Stewart, ready for the next round of grant applications.
- Entered into a memorandum of understanding with UBC for a long-range hydrology study of stream performance and potential deep-well locations.

- Re-established relationships at Metro, Translink (with an upcoming pilot of innovative service delivery models), and Ministry of Transport (including help with excessive speeds, and multiple concessions in respect of our endorsement of removal of a stretch of the landscaped median).
- Improved communications no end, including a searchable, push-capable website, improving signage, weekly email, and an emergency communications platform.
- Upgraded parking, trails and beaches to accommodate exploding visitor numbers while serving residents.

At this mid-2017 writing, more and more is coming to fruition, so on behalf of Council and the Village, I sincerely thank our talented and dedicated staff, whose reports you will read in the pages that follow. And as last year, I know I speak for Council when I say that we are continually heartened by the engagement and encouragement we receive from our fellow Lions Bayers.

Karl Buhr

Mayor of Lions Bay and CEO of the Municipality

DRAFT

MESSAGE FROM THE CAO

As I look back on 2016, there is quite a bit to take stock of. After much effort by many hands, our Infrastructure Master Plan was completed, forming the basis for moving forward on infrastructure renewal with our priorities clearly laid out before us. Indeed, this led to our comprehensive 5 year infrastructure financing initiative to ensure we had the local share of funds required for any major grant funding. The community clearly got on board with referendum support of about 93%.

Infrastructure initiatives were but one part of the strategic plan formulated by Council in 2016. You will see that plan elsewhere in these pages, but I note that in every sphere of that plan, we have taken the initial steps to achieving the goals and priorities set out in the document. Our grant application to replace our crumbling water tanks, buttressed by the referendum support, was ultimately successful; we have laid the groundwork for increased financial capacity, moving us closer to financial sustainability; we began the work of strengthening community planning through a new zoning bylaw, the

recent adoption of which will assist us in implementing incremental land use changes based upon the current Official Community Plan; we commenced a long and thorough process of creating a new municipal website to enhance communication, improve transparency and provide a better means of public feedback and we hope everyone likes the newly minted site; and we have taken steps to support and ensure a high functioning and stable Village organization that can carry out the work associated with Council's Strategic Plan.

To be sure, there were some trials and tribulations, but for the most part, there were many boxes ticked and I'm proud of the work that staff has accomplished. We all look forward to continued organizational successes in 2017 and the further achievement of Council's strategic plan.

Council Priorities 2016

One of the requirements of the Community Charter is for the Annual Report to include a statement of municipal objectives, and the measures that will be used to determine progress respecting those objectives, for the current and next year. For 2016, Council placed emphasis on the following priorities and goals.

Council Goals 2016	Deliverables (a partial listing)
<i>Lions Bay will communicate with all residents</i>	<ul style="list-style-type: none"> • Enhance and update village website, newsletters, signage, and posters to reach residents with news and information (<i>Launched website project and conducted a Town Hall Meeting and direct mail campaign regarding Infrastructure Master Plan Financing Loan Authorization Bylaw No. 508, 2016</i>) • Provide public computers in the Library, plus email and web training (<i>Library closed its doors for good due to lack of use/interest</i>) • Develop a Communications Policy & Style Guide to allow for comprehensible communications (<i>On staff's workplan</i>)
<i>Lions Bay will offer high livability by fostering a resident-focused approach to service delivery and quality of life</i>	<ul style="list-style-type: none"> • Produce Trees, Views & Landscapes Bylaw (<i>This was accomplished in 2016</i>) • Produce a new Building Bylaw (<i>This is on staff's workplan for 2017</i>) • Improve parking for residents and visitors (<i>This work is ongoing</i>) • Continually review Public Works service levels for value to residents, and to identify maintenance and beautification opportunities (<i>This work is ongoing</i>) • Identify changing community needs through a Resident Poll and Survey. (<i>This is on staff's workplan for 2017</i>)
<i>Lions Bay will strive to create a sustainable community for the future.</i>	<ul style="list-style-type: none"> • Support Lions Bay Elementary School, Lions Bay Before & After School Program, and Lions Bay Early Years Childcare (<i>This work is ongoing</i>) • Fund and deliver the Infrastructure Master Plan and prepare shovel-ready plans for funding applications, particularly around water, roads, drainage, parks and sewers (<i>This was accomplished in 2016</i>) • Review land use and zoning strategy with a view to encouraging development opportunities acceptable to the wider community (<i>This was commenced in 2016</i>)
<i>Lions Bay will value its volunteers</i>	<ul style="list-style-type: none"> • Review current volunteer policies to define tasks, cover liability and acknowledge ad-hoc participation (<i>This work is ongoing</i>) • Support community events: Art & Garden Show, Fitness Challenge, Firefighter Day, Canada Day, Fall Jazz, etc. (<i>This was accomplished in 2016 and is ongoing</i>)
<i>Lions Bay's government will be transparent, responsive, equitable, inclusive, effective, efficient and accountable</i>	<ul style="list-style-type: none"> • Present accessible resident-driven budgets that take into account the realities of funding community of 1500 people; produce 25-year financial model (<i>This work is ongoing</i>) • Review the Village's suite of bylaws, with a view to consolidating, rationalizing, modernizing or rescinding them (<i>This was accomplished in 2016 and is ongoing</i>) • Set measurable accountabilities for staff and Council (<i>This work is ongoing</i>) • Publish financial and operational key performance indicators (<i>This work is ongoing</i>) • Undertake Town Hall meetings (<i>This was accomplished in 2016</i>)

Corporate Strategic Planning and Priority Setting Report 2016-2018

VILLAGE OF LIONS BAY

CORPORATE STRATEGIC PLANNING
AND PRIORITY SETTING 2.0

DRAFT

June 21 - 22, 2016

VILLAGE OF LIONS BAY CORPORATE STRATEGIC PLANNING AND PRIORITY SETTING 2016-2018

The Village of Lions Bay held an evening and half day workshop on June 21 and 22, 2016 with Council and senior staff to build on the work done at a previously held priority setting workshop in February 2016.

The purpose of the June workshop was to review the outcomes of the February workshop, consider the forward progress of the municipality since then and to provide further detail on priorities for the remainder of the Council term. The desired outcome for the workshop was to create a roadmap for the remainder of the Council term which would focus on important priorities and guide the allocation of resources including Council energy, staff time and financial resources.

The workshop focused on completing a number of key tasks including:

- Review of the last workshop and identified priorities: infrastructure, finances, community planning, organizational stability, and communication
- Updates from key staff
- Discussion of each of the five priorities:
 - Where are we at? Where do we want to get to?
 - What decisions do we need to make?
 - What steps do we need to take?
 - What are the target dates?
 - What resources do we need?
 - How will we know if we are successful?

This 2016-2018 Village of Lions Bay Strategic Planning document includes:

- Lions Bay 2016-2018 strategic priority areas, goals and actions; and
- Appendix - Workshop flipchart notes.

STRATEGIC FOCUS AREAS, GOALS & PROJECTS/INITIATIVES

At the February workshop Council took the first steps towards priority setting and creating an ongoing strategic plan document to guide the work of the Village over time and to allow for progress to be made on some of the pressing challenges facing the Village.

At the February workshop Council discussed the challenges facing Lions Bay and the options and opportunities to address them. From this process Council identified a number of strategies that readily fell into five strategic focus areas:

Infrastructure

Finances

Organizational stability

Community planning

Communication

At the June workshop Council returned to these five strategic focus areas and worked to further define and detail the priorities, goals, and actions within each of the areas.

The overarching goal of the current Council is to work towards ensuring the Village of Lions Bay is a strong and viable municipality. In setting this goal Council recognizes the significant challenges facing the Village including major infrastructure and planning needs. As the graphic below illustrates, the five key priority areas identified by Council all need to be addressed in order to achieve the goal of a strong and viable Village. Council recognizes the interdependency of the five strategic areas. For example, in order to maintain the Village infrastructure, the Village needs to have the financial resources and in order to have the required financial resources the Village needs to increase revenues through either raising taxes or increasing the tax base through development which will require new infrastructure and planning. Council recognizes that it will be necessary to take incremental steps to make progress to achieve a strong and viable Village. The priorities discussed in this report reflect the recognition of Council that an incremental approach using scarce resources is the best path to success for the Village.

Each of the strategic focus areas with goals and priority actions is outlined below. The priority actions are the result of discussion and ranking at the June workshop. The ranking was done by asking each member of Council to give a score of 1 to 5, five being the highest priority, to each of the priority actions. The highest possible score was 20. Only those priorities that received a score of 10 or higher are included in the priorities detailed below; however the lower scoring priorities are all noted in the Appendix and are available for reconsideration by Council at its next strategic plan review.

The table below lists the priority actions in order of ranking.

Priority Actions	Ranking
Implement incremental land use planning changes based on the existing OCP & 2014 Planning Work (voting 5,5,5,5, total 20)	20
Explore existing sewage treatment plant replacement and expansion (voting 5,5,5,5 total 20)	20
Develop a strategic framework for communications (voting 5,5,5,5 total 20)	20
Maintain existing roads and rights of way (voting 5,2,5,5 total 17)	17
Advocate for and develop policies to support retention of Lions Bay School (voting 3,5,3,3 total 14)	14
Seek a Crown land grant (voting 2,4,4,3 total 13)	13
Undertake a cost analysis and develop a plan for sewer upgrade (voting 5,3, 2 total 10)	10
Possibly in this term undertake a study to determine future water supply needs and climate change impacts (voting 5,1,2,2 total 10)	10

Infrastructure

Goals:

- To maintain existing Lions Bay infrastructure
- To adequately resource infrastructure spending
- To build new infrastructure where needed and publicly supported
- To identify service standards and best practices
- To meet critical standards and industry best practices

Priorities for 2016-2018

Complete and adopt the IMP and apply for infrastructure grants

If successful with grants, move forward with capital projects accordingly.

Develop an asset inventory and condition assessment of all assets

As outlined by Public Works staff, baseline asset information is required in order to plan for maintenance of existing Village assets. The inventory and analysis should answer the following six questions:

- What assets does the municipality own?
- What are the assets worth?
- What is the condition of the assets?
- What is the remaining service life of the assets?
- What maintenance/replacement do we need to do and when?
- What is the cost impact?

Roads

Undertake planning and capital work to maintain existing roads and rights of way.

Water supply

Possibly in this term undertake a study to determine future water supply needs and climate change impacts.

Existing Sewer infrastructure

The existing sewage treatment facility requires replacement. In order to move towards replacement, research, planning and cost estimates need to be prepared.

Upgrade of Sewer infrastructure

Prepare a cost analysis and plan for sewer upgrade – this term present the plan and costs to the public for consideration – decision-making to occur in a future council term.

Finances

Goals:

- To ensure the Village has adequate finances to sustain the municipality's work
- To increase revenues to address the infrastructure deficit and other municipal resource needs

Priorities for 2016-2018

Support grant applications and seek loan authorization to support goals and priorities of infrastructure spending

Provide Finance Department support for these initiatives.

Develop commercial and residential lands

A number of key planning related policies are in need of either revision or development. These policies would be considered foundational in that they provide guidance for future development in the community. Some of the policies and bylaws listed below such as the DCC bylaw, servicing bylaw, and fees and charges bylaw are all related to financing and servicing new developments. Others such as design guidelines and development permits will help to ensure the Village gets the type of development it wants. This list of policies represents a significant amount of work and resources and will necessarily take a number of years to complete.

- Create a servicing bylaw
- Create a development cost charges bylaw (DCC)
- Rewrite development permits for OCP e.g. form & character
- Prepare design guidelines
- Amend zoning bylaw
- Ensure adequate servicing e.g. water supply & sewer
- Update building bylaw
- Prepare community amenity provisions
- Review fees & charges bylaw, secondary suite provisions and tax ratios

Seek a Crown land grant

The intention of seeking a Crown grant is to expand the lands held by the Village.

Sell surplus Village lands

The intention of this priority action is twofold: sell surplus lands (e.g. road rights of way) to raise funds and secondly to enable appropriate development (e.g. public works yard).

Community Planning

Goals:

- To develop and maintain an official community plan for the Village which reflects the aspirations of citizens and the resources of the Village.
- To implement the OCP policies.

Priorities for 2016-2018

Implement incremental land use planning changes based on the existing OCP & 2014 Planning Work

The intention of this priority action is to enable the Village to make progress on updating and implementing the policies of the OCP and the further planning work completed in 2014, which builds on the 2010 consolidation of the OCP. A slow and incremental approach to continuing to implement the OCP will enable the Village to modernize the OCP and to realize its vision over time within the means of the Village.

Advocate for and develop policies to support retention of Lions Bay School

The Village can both advocate for the retention of the School and develop policies that would support its retention. For example, the Village could start immediately to explore with the School District the potential to develop surplus School lands for family housing.

The Village could also establish policies to give priority to family housing forms in new developments.

Communications

Goals:

- To improve communication with the public.
- To enable a well-informed public.

Priorities for 2016-2018

Develop a strategic framework for communications

There is an expressed need to develop a communication strategy for the Village that would help the Village improve its communications with the public and ensure citizens are well informed about and have input into Village decision making. The communications strategy would identify various types and methods for all Village communications.

Organizational Stability

Goals

- To support and ensure a high functioning and stable Village organization that can carry out the work associated with Council's Strategic Plan.

Priorities for 2016-2018

Lions Bay has experienced significant staff turnovers in the recent past causing loss of institutional memory and general organizational instability. Council has taken positive steps towards stabilizing the organization in filling staff vacancies and in building a positive and constructive culture within the municipal organization. Continuing on this course will be essential to making forward progress on Council's priorities.

Council identified a number of key actions needed to make further progress on stabilizing the organization.

- Settle union contract
- Prepare for fall election
- Improve Fire Department – Administration and communication
- Provide adequate staffing and resourcing e.g. planning
- Retain communication expertise
- Create an organizational chart – engineering, finance, planning, communications

NEXT STEPS

This strategic planning and priority document is the first step in developing a long term strategic plan for the Village of Lions Bay. To a great extent this plan is focused on catching up with work that has been delayed or deferred over time. The incremental approach proposed by Council is a logical one that will help the Village get its footing and make progress towards its goal of being a viable and strong municipality.

The priority actions proposed in this document should be further developed by staff into work plans for each of the Village departments. The annual work plans for the remainder of the Council term should identify scheduling and estimated costs of the work to be done. Target dates for completion and resources needed will assist Council in allocating appropriate resources at budget time and will set realistic expectations about when work will be completed.

Council and staff should schedule a workshop for 2017 to review progress made on the priority actions and to make adjustments as needed.

APPENDIX: JUNE 21 & 22, 2016 WORKSHOP NOTES FROM FLIP CHARTS

In Attendance:

Council: Mayor Karl Buhr, Councillors Fred Bain, Jim Hughes, and Ron McLaughlin

Staff: Peter DeJong, Naizam Jaffer, Pamela Rooke

Facilitator: Allison Habkirk

What do you want to accomplish tonight and tomorrow?

- Focus in on what's important
- Build a road map – strategic plan to follow
- Identify destinations (where we want to get to) and timelines
- Be aware of 2.5 years remaining in the term.

Infrastructure

Report from staff

- Lions Bay is not meeting critical standards and best practices
- There is a need for essential human and financial resources
- There is a need to know what assets exist, best practices, and the risk of not maintaining infrastructure assets.
- Key goals for Village-wide asset management should include:
 - What does the municipality own?
 - Inventory of what the municipality owns
 - Repository for inventory information
 - Minimal maintenance required for assets e.g. water, roads, playgrounds, signs
 - What are the assets worth?
 - What is the condition of the assets?
 - What is the remaining service life of the assets?
 - What maintenance/replacement do we need to do and when?
 - What is the cost impact?

Where do we want to get to?

- Maintain the assets we have
- Complete the IMP
- Undertake additional planning for maintenance
- Council to make decisions regarding standards and resources
- Council to make project by project approvals

Roads and ROWs (voting 5,2,5,5 total 17)

Sewer infrastructure

Where do we want to get to?

- Cost analysis and plan for existing residential and business
- Gauge support for new infrastructure – Council? Public?

- Destination – public decision regarding sewers
- In this term Council would like to float sewer concept with high level cost estimates

Estimated \$2 million for treatment facility and \$13.5 million for pipes for entire community – need to know what type of facility and phasing – possible 83% grants available

Sewage Treatment Plant replacement and expansion (voting 5,5,5,5 total 20)

Cost analysis and plan for existing residential and business (voting 5, 3, 2 total 10)

Village wide sewer service (voting 2,2,1,1 total 6)

Water supply

In the short term the water supply is adequate

Where do we want to get to?

- Adequate water supply for existing and future needs
- Possibly in this term undertake a study to determine future supply needs and climate change impacts **(voting 5,1,2,2 total 10)**
- Conservation of existing supply

Finance

Where do we want to get to?

- Sell surplus land – some to raise funds and some to achieve strategic goals
- Sell Public Works Yard to raise revenue and to develop – requires Yard to move
- Sell surplus road allowances – requires public process

Options for raising revenues and strengthening the financial position of Lions Bay

Boundary expansion (voting 1,3,1,3, total 8)

- Make a solid expression of interest to the province

Develop commercial and residential lands (voting 5,5,5,5 total 20)

- Create a servicing bylaw
- Create a development cost charges bylaw (DCC)
- Rewrite development permits for OCP e.g. form & character
- Prepare design guidelines
- Amend zoning bylaw
- Ensure adequate servicing e.g. water supply & sewer
- Update building bylaw
- Prepare community amenity provisions
- Review fees & charges bylaw, secondary suite provisions and tax ratios

Seek a Crown land grant (voting 2,4,4,3 total 13)

Community Planning

Where do we want to get to?

- Official Community Plan that is a roadmap for the future
- OCP update
- Well informed public
- Current planning standards

Options for getting there

Incremental decisions using concepts in existing OCP & 2014 Planning Work (voting 5,5,5,5, total 20)

- Include design guidelines & development permits in OCP

Comprehensive revision of the OCP (voting 0,0,0,0 total 0)

Improve transit facilities (voting 0,1,3,3 total 7)

- Advocacy for improved transit

Retention of Lions Bay School (voting 3,5,3,3 total 14)

- Advocacy
- Start immediately to explore development proposal for surplus School lands
- Assign priority to family housing for new developments in Lions Bay

Library – municipal grant

Organizational Stability

Where do we want to get to?

- Settle union contract
- Prepare for fall election
- Improve Fire Department – administration and communication
- Adequate staffing and resourcing – Shy on staff complement – staff planner?
- Communication re: staff successes
- Create an organizational chart – engineering, finance, planning, communications

Communications

Where do we want to get to?

- Engaged, informed and supportive (of direction) community
- Communication strategy & policy – how to communicate different messages
- Professional advice regarding communications

How do we get there?

- strategic framework for communications (**voting 5,5,5,5 total 20**)

To do- for future discussion:

- Clean air
- Howe Sound
- Traffic

3. Ensure staffing and resources are adequate to accomplish all core work

DEPARTMENTS

Administration

This department, comprising 5 staff (3.9 FTE), provides service to the residents of Lions Bay, legislative and administrative support to Council, and its Committees, and communications, planning & building services, and permits & licensing services.

The Chief Administrative Officer is Council's interface to staff and leads, coordinates and oversees all municipal functions to ensure accomplishment of legislative requirements, Council priorities and public goals.

Objectives	2016 Accomplishments	Highlights
Bylaws	Ongoing audit and updating of Village bylaws	Many bylaws have been updated and consolidated for ease of reference and several new bylaws were adopted by Council to address gaps in legislation.
Policies and Procedures	Ongoing audit and updating of policies and procedures	Several Village policies and procedures required updating to meet current employment practices and/or legislative standards. This work began in 2014 with several new policies drafted and existing policies updated. This work continued through 2016.
Staffing	Solidification of Village management and staff	The Village got a new CAO, Peter DeJong, at the beginning of 2016 and a new Public Works Manager at the beginning of May, 2016. Both have helped solidify the management and staff situation for the Village.
Planning & Development	Zoning Bylaw Consolidation and Updating Project	Since 1999, the Village of Lions Bay has had to deal with two zoning bylaws: one covering Brunswick Beach and the other covering the rest of the Village. This project was launched in 2016 (completed in 2017) and addresses many of the issues inherent in the old bylaws and issues currently of pressing concern, such as short term rentals, compatible land uses and infill opportunities as identified by the Official Community Plan.
Communications	Town Hall Meeting to discuss the financing for the Infrastructure Master Plan.	The Village responded extremely well to the information presented at the Town Hall Meeting and passed a referendum to finance the Village's after grant portion of the Infrastructure Master Plan's 5 year priorities. Communication processes will continue to be reviewed throughout 2017, including launching of a new website to enhance communication with residents.

Finance

Pamela Rooke,
Chief Financial Officer

The Finance Department provides support services to the municipality, as well as maintaining and communicating financial information to the public, Council and staff. Key responsibilities include:

- Accounting Services – accounts payable and receivable, banking, cash management
- Payroll Services – bi-weekly processing, benefits administration
- Revenue and Collections – utility and property tax billing and collection, rate setting
- Purchasing - procurement and risk management
- Financial Reporting – preparation of annual financial statements, quarterly financial reviews
- Financial Planning – Five Year Financial Plan preparation and monitoring

The department is comprised of two staff (1.8 FTE's): the Chief Financial Officer and the Municipal Accountant, with assistance provided by administration staff.

2016 Operational activities included:

- Adopted Five Year Financial Plan Bylaw, Fees Bylaw, Tax Rates Bylaw, Water, Sewer and Solid Waste Bylaws
- Adopted Loan Authorization Bylaw
- Produced annual utility and property tax notices
- Remitted taxes collected on behalf of other tax authorities, including school tax
- Completed year-end audited financial statements and submitted annual financial reports to the province
- Prepared bi-weekly payroll and remittances
- Underwent a Canada Revenue Agency Employer compliance audit

2017 Objectives

- Obtain MFA Financing for the Village's share of the Water Storage Facilities CWWF grant funded capital project
- Complete a valuation of our current assets and implement a new asset management system and comprehensive asset management plan; to be completed over a two year period
- Implement an on-line payment process for property taxes, utilities and parking tickets with the potential of expanding to other payments; implement on-line access to property tax and utility notices
- Update the purchasing policy

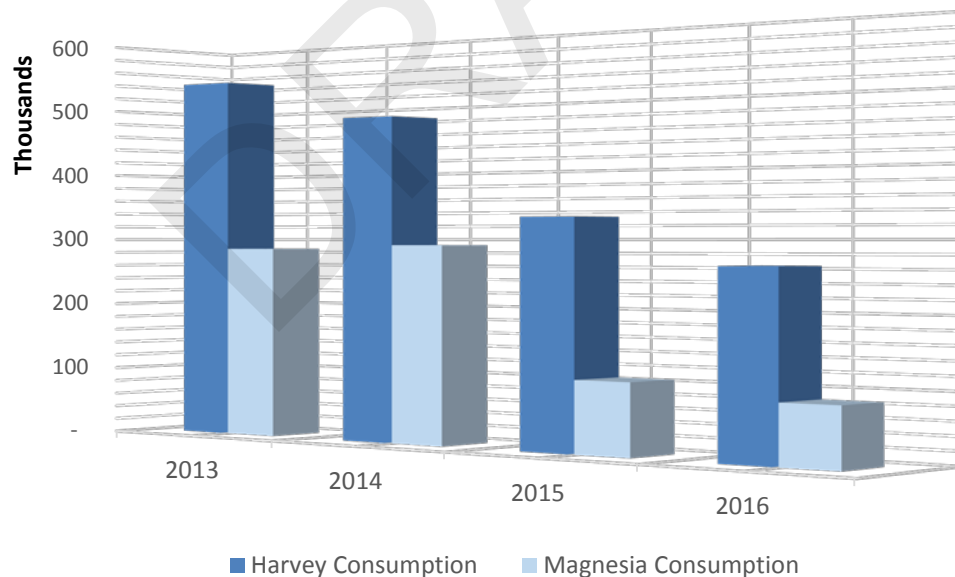

Public Works

The Public Works Department is responsible for the operations and maintenance of the Village of Lions Bay’s assets including parks, open and public spaces, foreshore and beaches, roads, bridges, drainage, water, and sewer networks. Public Works is staffed by a complement of 4.5 full time employees and their manager. The Department is predominantly known for the provision of safe, high quality drinking water. This group of well trained and competent employees provides a broad spectrum of services that contributes to making the Village a safe, well-functioning, and beautiful place to live.

Here on the south coast of British Columbia, the summer 2016 saw a return to average temperatures and slightly higher-than average rainfall. As a result, the Village’s Outdoor Water Use Bylaw conservation levels did not drop below the level one stage. The Public Works Department’s leak detection program identified a total of 12 private side leaks and one municipal side leak. 2016 residential water use decreased for the fourth year in a row as residents continue to conserve and use water wisely. A total volume of 351,317 m³ of water was supplied to residents from the Magnesia and Harvey Creek surface water sources. This represents a decrease of 20% when compared to 2015, a 55% decrease in comparison to 2014, and a whopping 58% decrease from 2013 consumption values.

Accomplishments and Objectives

Left to Right: Garth Begley, Kyle McCallum, Neale Mullen,
Alberto Urrutia, Donna Newsome

The department's top priority in the beginning of the year was to facilitate the remediation of the Harvey Creek Intake access road after a landslide which occurred in December of 2015. Upon completion of these Emergency Management BC funded works, Public Works turned its attention to completion of a portion of the New Build Canada Fund (NBCF) Magnesia Creek treatment plan works including a tank bypass and pressure reducing valve station. The remainder of these works scheduled within the 2017 summer project window includes the installation of an infiltration gallery at the Magnesia Creek intake, the reinforcement of the Harvey Creek intake weir, and rock

scaling for safety purposes along both intake access roads. By mid-summer the department facilitated the completion of the Infrastructure Master Plan, the guiding document justifying our application for a Loan Authorization Bylaw and the application for joint funding from the Federal and Provincial governments through the Clean Water and Wastewater Fund (CWWF).

2016 winter weather contributed to a significant increase in road salt usage which topped more than 144 tonnes. Cold fronts and arctic outflows led to countless hours of snow removal by Public Works staff.

The department's 2017 objectives include the completion of a Core Service Level Review which will assess the activities being performed by Public Works and identify any gaps in service levels when compared to industry best practices. Along with the infrastructure spending through the NBCF, the Village will also be working on the completion of a \$2.71 million CWWF grant for the replacement of up to four of the Village's water storage facilities. Public Works will also seek to expand its equipment inventory through the purchase of a rubber tired backhoe/loader as well as a propane powered forklift.

Operationally, Public Works staff will continued with their prescribed annual work program focusing on the key areas of Water, Wastewater, and Parks and Grounds.

PUBLIC SAFETY

Lions Bay Fire Rescue

Andrew Oliver,
Fire Chief

Lions Bay Fire Rescue (LBFR) is responsible for fire protection, rescue services, first responder medical aid and fire prevention in the Village and on Highway 99. LBFR are the first responders to a variety of emergency and non-emergency incidents. They respond not only to fires but also medical emergencies, motor vehicle accidents, technical rescues, forest interface, and much more. They are highly trained and cumulatively volunteer over 2050 man hours each month in training, shift weekends, and emergency response. The volunteers train every Wednesday night and one full weekend every month demonstrating a high level of dedication.

COMMUNITY INVOLVEMENT

Volunteers – The Heart of Lions Bay

Volunteers are one of the most important resources in our community. They give to our community in big and small ways, by donating their time, physical labour, expertise, experience, and always, their love of our Village. We are a close-knit community because of the many volunteers who devote countless hours contributing to the essence of what makes Lions Bay, a unique and special place to live.

Volunteers are also essential to the running of our Village. You will find them delivering critical services such as our fire department who are on call 24 hours a day and are one of the most respected volunteer Fire and Rescue departments in the region. Emergency Social Services who, although you don't see much of them, meet regularly and are trained to respond to emergent situations. Our Block Watch program is supported by a watchful team of 25+ Block Captains. Our small but committed team of Trail Blazers have for the last 15+ years, opened up and maintain our much-loved hiking trails. Through the efforts of the Bear Smart Committee, Lions Bay is designated a Bear Smart community. Our Parent Advisory Committee actively supports the enrichment of the Lions Bay School and the Lions Bay Playschool is managed solely by an association of dedicated parent Volunteers. The Arts Council, Reading Centre Group, Historical Society, Native Plant Garden Association, Seniors Social Circle and the Events Committee bring us together and keep us engaged.

There are also numerous Council committees, supported by resident members, who provide their expert advice to help us do our job. It is with sincere appreciation and gratitude that we acknowledge those who give so generously. Volunteers play a vital part in the vibrancy and dynamic spirit of Lions Bay and their invaluable involvement and support enriches the lives of each and every resident of Lions Bay. The volunteers are truly the heart of our Village.

Management's Responsibility for the Financial Statements

The accompanying financial statements of the Village of Lions Bay (the "Village") are the responsibility of management and have been prepared in accordance with Canadian public sector accounting standards as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants Canada. A summary of the significant accounting policies are described in the summary of significant accounting policies which proceed the notes to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

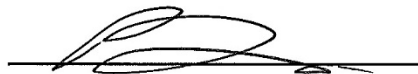

The Village's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

Mayor and Council meet with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by BDO Canada LLP, independent external auditors appointed by the Village. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the Village's financial statements.

Independent Auditor's Report

To the Mayor and Councillors of the Village of Lions Bay

We have audited the accompanying financial statements of the Village of Lions Bay, which comprise the Statement of Financial Position as at December 31, 2016, the Statements of Operations, Change in Net Financial Assets and Cash Flows for the year then ended, and a summary of significant accounting policies, and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Village of Lions Bay as at December 31, 2016 and the results of its operations, changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Village of Lions Bay Summary of Significant Accounting Policies

December 31, 2016

The Village of Lions Bay ("The Village") is a municipality in the province of British Columbia operating under the provisions of the Community Charter. The Village provides a wide range of services to the residents such as parks and recreation, fire and rescue, general government services, solid waste collection, and maintenance of roads, storm drainage, water and sewer infrastructure and facilities. The Village prepares its financial statements in accordance with Canadian public sector accounting standards using guidelines developed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants Canada.

Basis of Accounting The basis of accounting followed in these financial statements is an accrual method and includes revenues in the period in which the transactions or events occurred that gave rise to the revenues and expenses in the period the goods and services are acquired and a liability is incurred.

The financial statements include the accounts of all funds of the Village. Interfund transactions and balances have been eliminated.

**Cash and
Cash Equivalents**

Cash and cash equivalents include bank balances and bank term deposits or guaranteed income certificates with duration of less than three months. All amounts are held at Canadian chartered banks and are denominated in Canadian dollars.

**Tangible Capital
Assets**

Tangible capital assets are recorded at cost less accumulated amortization and are classified according to their functional use. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is put into use. Contributed tangible capital assets are recorded at fair value at the time of the contribution.

Estimated useful lives of tangible capital assets are as follows:

Land improvements	7 to 40 years
Buildings	20 to 50 years
Storm Sewer	25 to 50 years
Equipment, furniture, and vehicles	5 to 20 years
Infrastructure - water	5 to 80 years
Infrastructure - sewer	5 to 100 years
Roads	10 to 60 years
Other	5 to 60 years

Village of Lions Bay Summary of Significant Accounting Policies

December 31, 2016

Revenue Recognition

Taxes are recorded when they meet the definition of an asset, have been authorized and the taxable event occurs. Taxes receivable are recognized net of allowance for anticipated uncollectible amounts.

Through the British Columbia Assessments appeal process, taxes may be adjusted by way of supplementary roll adjustments. The effects of these adjustments on taxes are recognized at the time they are awarded. Levies imposed by other taxing authorities, including the Greater Vancouver Regional District, are not included as taxes for municipal purposes.

Charges for sewer, water usage and solid waste collection are recorded as user fees. Connection fee revenues are recognized when the connection has been established.

Government transfers, which include legislative grants, are recognized in the financial statements when received if the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Government transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Sales of service and other revenue is recognized on an accrual basis.

Leased Assets

Leases entered into that transfer substantially all the benefits and risks associated with ownership are recorded as the acquisition of a tangible capital asset and the incurrence of an obligation. The asset is amortized in a manner consistent with tangible capital assets owned by the Village and the obligation, including interest thereon, is repaid over the term of the lease. All other leases are accounted for as operating leases and the rental costs are expensed as incurred.

Use of Estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future. A significant area requiring management estimates relates to the useful life of tangible assets for amortization calculations.

Village of Lions Bay
Summary of Significant Accounting Policies

December 31, 2016

Financial Instruments The Village's financial instruments consist of cash and equivalents, accounts receivable, grant receivable, accounts payable and long-term debt. Unless otherwise noted, it is management's opinion that the Village is not exposed to significant interest, currency or credit risk arising from these financial instruments.

Deferred Revenue Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the statement of financial position. The revenue is recognized in the statement of operations in the year in which it is used for the specified purpose.

Contaminated Sites Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. Liabilities are recorded net of any expected recoveries.

A liability for remediation of contaminated sites is recognized when all of the following criteria are met:

1. an environmental standard exists;
2. contamination exceeds the environmental standard;
3. the Authority is directly responsible or accepts responsibility;
4. it is expected that future economic benefits will be given up; and
5. a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site. There is no liability for contaminated sites recorded as at December 31, 2016 or 2015.

Notes to Financial Statements

December 31, 2016

1. Deferred Revenue

	2016	2015
Restricted cash donation	\$ 1,000	\$ 1,000
Prepaid taxes	24,217	25,415
	\$ 25,217	\$ 26,415

2. Developer Deposits

Bylaw 330 requires an applicant for certain building permits to pay a damage deposit of \$1,500 when the work is under \$50,000 and \$3,000 when the work is over \$50,000. The deposit less any costs incurred by the Village in restoring or replacing any damaged works or property will be returned to the applicant. The total cash on deposit of \$126,000 (2015 - \$117,000) has been reported as a liability because the deposits will be returned to the applicants at the completion of the project. Any portion of these deposits used for replacing damaged works or property will be taken into income by the Village in the period it is determined that restoration or replacement is required.

3. Capital Lease Obligation

During 2013, the Village entered into three vehicle lease obligations with future payments requirements as follows:

2017	\$ 37,120
2018	16,408
Total future minimum lease payments	53,528
Less: Imputed interest at 5.38%	(1,208)

4. Long-term Debt

Loan Authorization Bylaw No. 353 was adopted on January 20th, 2005 and gave approval for the Village to borrow up to \$250,000 to assist in providing water services to the specified area of Brunswick Beach whose owners had opted to finance their share of costs over twenty years through a local parcel tax. The actual amount of the loan honoured was \$114,000. The interest rate is 5.1% and the debt matures in 2025. The balance outstanding under this bylaw at year-end was \$58,427 (2015 - \$64,139).

Loan Authorization Bylaw No. 401 and 374 were respectively adopted on June 2, 2008 and September 19, 2006 and gave approval for the Village to borrow up to \$800,000 and \$600,000 to assist in providing construction improvements to the water system servicing the Village of Lions Bay. The interest rate is 5.15% and the debt matures in 2028. The balance outstanding under the bylaws at year-end was \$966,798 (2015 - \$1,028,666).

Loan Authorization Bylaw No. 380 was adopted on September 19, 2006 and gave approval for the Village to borrow up to \$1,300,000 to assist in providing construction improvements to the Village of Lions Bay road system. In 2008, Council reduced the approved borrowing for the bylaw to \$500,000 and \$250,000 was borrowed. The interest rate is 5.15% and the debt matures in 2028. The balance outstanding under this bylaw at year-end was \$172,643 (2015 - \$183,690).

Repayments of debt to the Municipal Finance Authority of BC (MFABC) required in the next five years and thereafter are as follows:

6. Contingent Liabilities and Commitments

- (i) The Village is responsible as a member of the Greater Vancouver Regional District for its portion of any operating deficits or capital debt related to functions in which it participates.
- (ii) The Village is a participant in the Municipal Insurance Association of British Columbia (the "Association"). Should the Association pay out claims in excess of the premiums received, it is possible that the Village, along with the other participants, would be required to contribute towards the deficit. Management does not consider external payments under this contingency to be likely and therefore no amounts have been accrued.
- (iii) The Village is a shareholder and member of the Emergency Communications for British Columbia Incorporated ("E-Comm") whose services provided include: regional 9-1-1 call centre; Wide Area Radio network, dispatch operations; and records management. The Village has 1 Class A Share (Police and Fire) and no Class B Shares (Operations) (of a total of 28 Class A and 23 Class B shares issued and outstanding as at December 31, 2016) recorded at nominal cost. As a Class A shareholder, the Village shares in both funding the future operations and capital obligations of E-Comm (in accordance with a cost sharing formula), including any lease obligations committed to by E-Comm up to the shareholder's withdrawal date.
- (iv) Under borrowing arrangements with MFA, the Village is required to lodge security by means of demand notes and interest bearing cash deposits based on the amount of the borrowing. As a condition of these borrowings, a portion of the debenture proceeds is withheld by the MFA as a debt reserve fund. These deposits are held by the MFA as security against the possibility of debt repayment default. If the debt is repaid without default, the deposits are refunded to the City. The balance of the deposits and contingent demand notes are not included in the financial statements of the Village.
- (v) The Village is the subject to litigation in regard to employment matters. In addition, the Village is from time to time involved in other lawsuits. The Village vigorously defends any such claims. At December 31, 2016 there is not sufficient information available to allow the Village to make a reasonable estimate of the potential for loss, if any, resulting from outstanding matters. Accordingly, these financial statements contain no provision for such amounts. Amounts will be recorded in the financial statements in the period in which additional information becomes available that allows a reasonable estimate to be made.

Village of Lions Bay Notes to Financial Statements

December 31, 2016

7. Financial Plan

Financial plan amounts represent the Financial Plan Bylaw adopted by Council on May 10, 2016 with adjustments for items accounted for differently under PSAB accounting standards.

The Financial Plan Bylaw anticipated use of surpluses accumulated in previous years to balance against current year expenditures in excess of current year revenues. In addition, the Financial Plan Bylaw anticipated capital expenditures rather than amortization expense and repayment of debt during the year.

The following shows how these amounts were combined:

	2016
Financial Plan Bylaw surplus for the year	\$ -
Add back:	
Capital expenditures	569,312
Repayment of Debt	96,102
MFA Actuarial Gain on Debt	17,506
Less:	
Budgeted transfers from accumulated surplus	(78,838)
Amortization	(553,787)
	\$ 50,295

8. Pension Plan

The employer and its employees contribute to the Municipal Pension Plan (a jointly trustee pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2015, the plan has about 189,000 active members and approximately 85,000 retired members. Active members include approximately 37,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate is then adjusted to the extent there is amortization of any funding deficit.

Village of Lions Bay
Notes to Financial Statements

December 31, 2016

8. Pension Plan (con't)

The most recent valuation for the Municipal Pension Plan as of December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis.

The next valuation will be as at December 31, 2018, with results available in 2019.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

The Village paid \$52,723 (2015 - \$48,052) for employer contributions while employees contributed \$52,918 (2015 - \$49,250) to the plan in fiscal 2016.

9. Accumulated Surplus

The components of accumulated surplus are as follows:

	<u>2016</u>	<u>2015</u>
Invested in tangible capital assets	\$ 18,415,256	\$ 18,633,965
Reserve funds	783,555	719,567
Unrestricted amounts	<u>1,158,539</u>	<u>751,817</u>
	<u>\$ 20,357,350</u>	<u>\$ 20,105,349</u>

The increase in reserve funds in the current year of \$63,988 represents the receipt of \$56,451 of unrestricted funds for Gas Tax Funding with the balance of \$7,537 representing interest credited to reserve funds for the year.

10. Segmented Information

The Village is a diversified municipal government institution that provides a wide range of services to its residents such as parks and recreation, maintenance of roads, fire and rescue, sewer and water utilities and solid waste collection. Key functional segments have been separately disclosed in Schedule 1. Following is a brief description of these segments and the activities they provide:

**Village of Lions Bay
Notes to Financial Statements**

December 31, 2016

10. Segmented Information (con't)

General Government

This segment relates to the general administration of the Village. It also includes revenues and expenses such as property tax revenues, legal costs, etc. that cannot be directly attributed to a specific segment.

Protective Services

Protective Services is comprised of fire and rescue services, bylaw enforcement and emergency services. The fire and rescue department is responsible for providing fire suppression service, fire prevention programs, training and education and highway call-out services. The members of the fire department are volunteer fire fighters.

Public Works Operation

Public works and transportation is responsible for the maintenance of roads, storm drainage, water and sewer infrastructure and building facilities.

Solid Waste Collection

Solid waste collection consists of recycling services and waste collection.

Planning and Development

This segment includes building inspection, zoning and community planning such as land use master plan.

Recreational and Cultural Services

This service area provides services meant to improve the health and development of the residents. They include recreation programs in the community centre, maintenance of trails, parks and beaches.

11. Comparative Figures

Certain comparative amounts have been reclassified to conform with the current year's presentation.
