From the Mayor's Desk

For those of you who missed the Inaugural Council Meeting on November 6, the following was my inaugural address as Mayor:

Well today is the day at last.

To my colleagues, thank you all for agreeing to stand for office. For the returnees you know what to expect and that the burden of office is heavy. For the new members I believe you are up to the challenge. My expectations of delivering to the Community early are high. Enjoy today to the utmost because there is a lot of work in the planning between now and the Christmas break in six weeks.

To our outstanding staff, I can only say thank you for the tremendous service last term. A full complement of motivated, committed, and skilled managers and staff ensured Council was up to date on all matters. You provided detailed reports and concise recommendations on what to base decisions on. Please keep up the great work.

There can be no new beginning without an ending. It is with this in mind that the Community's heartfelt thank you goes to Mayor Buhr and Councillor Hughes for their contribution and leadership over the past four years. Mayor Buhr your work ethic, drive, and selflessness in serving the Community make it a tough act to follow. Councillor Hughes this change back to becoming a private citizen allows you a chance to enjoy your new home and travel more. Thank you both again for making a

difference to our Village. Please accept a small token of our appreciation of your efforts and say a few words if you would like to.

Warm regards all,
Ron (mayor.mclaughlin@lionsbay.ca)

November 13th through to November 30th

Public Works will be flushing the Village watermains between November 13 and November 30, 2018. Flushing will take place Monday through Friday between the hours of 7:30 AM and 3:00 PM. Though locations and dates may change due to weather or other unforeseen circumstances, our intent is to adhere to the following schedule:

Crosscreek/Upper Bayview/Bayview/Sunset/Timbertop:	Nov 13 - Nov 16
Oceanview/Upper Kelvin Grove/Isleview:	Nov 19 - Nov 23
Brunswick Beach/Lower Lions Bay/Kelvin Grove:	Nov 26 - Nov 30

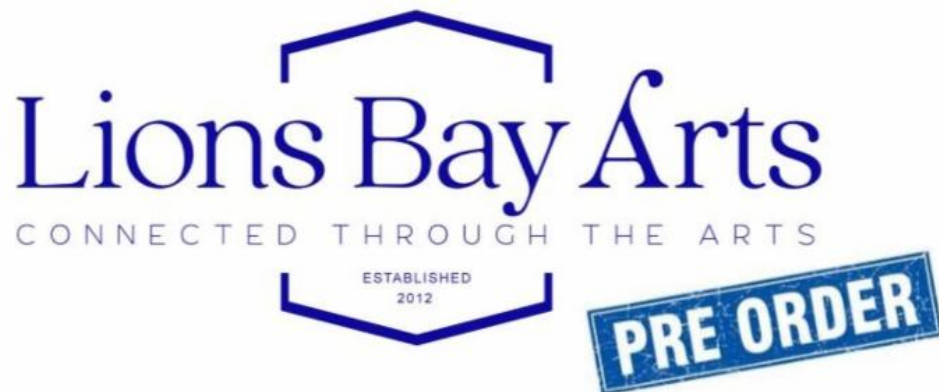

The flushing of watermains is necessary to remove sediments that gradually deposit in the pipes over time. The Municipality is mandated to flush our watermains twice a

year to comply with our drinking water treatment permit to operate issued by Vancouver Coastal Health.

During the flushing period, residents are advised to avoid using water to the extent possible and to place their filters, softeners and other water treatment equipment in 'by-pass' mode. Use of water during flushing will draw into the residential system the agitated sediment, thereby requiring more rigorous clearing of your water lines. Water drawn in during flushing can also lead to clogged filters and screens and may discolour laundry. During the flushing period the water will remain safe and potable, however, there may be brief periods of discoloration, cloudiness and temporary pressure fluctuations. The Village of Lions Bay accepts no liability for inconvenience or damage caused by low pressure or discoloured water use during its flushing program.

After the flushing is completed, we advise residents to clear their water lines. To do this simply let your cold water tap (remove screens/aerators on tap) closest to the incoming water line run until the water flows clear prior to returning any water treatment equipment back on line.

The Village of Lions Bay thanks you for your co-operation during this seasonal flushing program.
