

Village Update

Friday, November 16, 2018

From the Mayor's Desk

Hello Lions Bay,

Reflecting the short week my commentary is also brief.

Last week's Remembrance Day celebration was yet another wonderful success with Broughton Hall at capacity. Thank you to Trudi Luethy and her team for arranging a poignant, memorable event. Special thanks to Sir Norman Kirby and Captain Ross Brown for sharing their experiences. We are fortunate to have these veterans tell us of their time in World War II and service in Bosnia and Afghanistan. The ceremony served to remind us of the selflessness and sacrifice our veterans made during both war and peace to guard our freedom.

On a different note, in mid-October parts of a film were shot in lower Kelvin Grove. In due course staff will provide

Council with advice as to whether the film crew adhered to its commitments. It was the first film application approved in many years and is somewhat of a test case. Within the quarter the new Council will likely review the film policy and ascertain if it should remain as is or be amended to provide either more or less opportunities for filming. The location of the filming was the home of Kim Mailey and Victoria Rogers. They have made a generous donation to the Village as a way of giving back to their community.

Next week will be Council's first working Agenda since Inauguration and we'll be meeting in the new Council Chambers, located upstairs in the former Library space. Relevant items covered will be advised in the next Update, or come on out and watch your new Council in action. Click [here](#) to check the Agenda, including an important report on the Lions Bay Beach Park Revitalization Project up for discussion.

Regards,
Ron (mayor.mclaughlin@lionsbay.ca)

Stewart Road was named after him in recognition of this contribution to the village. November 13th through to November 30th

Public Works will be flushing the Village watermains between November 13 and November 30, 2018. Flushing will take place Monday through Friday between the hours of 7:30 AM and 3:00 PM. Though locations and dates may change due to weather or other unforeseen circumstances, our intent is to adhere to the following schedule:

Crosscreek/Upper Bayview/Bayview/Sunset/Timbertop:	Nov 13 - Nov 16
Oceanview/Upper Kelvin Grove/Isleview:	Nov 19 - Nov 23
Brunswick Beach/Lower Lions Bay/Kelvin Grove:	Nov 26 - Nov 30

The flushing of watermains is necessary to remove sediments that gradually deposit in the pipes over time. The Municipality is mandated to flush our watermains twice a year to comply with our drinking water treatment permit to operate issued by Vancouver Coastal Health.

During the flushing period, residents are advised to avoid using water to the extent possible and to place their filters, softeners and other water treatment equipment in 'by-pass' mode. Use of water during flushing will draw into the residential system the agitated sediment, thereby requiring more rigorous clearing of your water lines. Water drawn in during flushing can also lead to clogged filters and screens and may discolour laundry. During the flushing period the water will remain safe and potable, however, there may be brief periods of discoloration, cloudiness and temporary pressure fluctuations. The Village of Lions Bay accepts no liability for inconvenience or damage caused by low pressure or discoloured water use during its flushing program.

After the flushing is completed, we advise residents to clear their water lines. To do this simply let your cold water tap (remove screens/aerators on tap) closest to the incoming water line run until the water flows clear prior to returning any water treatment equipment back on line.

The Village of Lions Bay thanks you for your co-operation during this seasonal flushing program.
