

Village Update

October 6, 2023

UPDATES FROM THE MUNICIPALITY

Dear Residents of Lions Bay,

As Thanksgiving approaches, we want to send our warmest wishes for a joyful and safe holiday. Thanksgiving is a time to cherish the company of loved ones and appreciate the blessings in our lives. In our close-knit village, this spirit of community is even more meaningful. May your Thanksgiving be filled with laughter, love, and precious moments.

Happy Thanksgiving!

Warm regards,
Lions Bay Council

The Village of Lions Bay Public Works department is seeking a full-time permanent Public Works Technician 1.

Please click [HERE](#) to view the posting and job description.

Tires	SEE PROVINCE OF BC WEBSITE HERE	
Drywall	SEE WEBSITE HERE	
Pharmaceuticals	"Forever chemicals:" do not flush.	Any pharmacy

Please be reminded that Water Conservation **Level 2** is still in effect.

Although we have had some rain in recent weeks, it is still unseasonably dry and our water reserve remains low.

Your mindful attention to limiting water use is appreciated until the rainy season returns to replenish our supply.

Thanks for your cooperation!

It's always great to have friends and family visit! The Village Office provides "Guest Parking Permits", that allow your visitors to park in all "Permit Required" zones (**not valid in pay parking zones**) in Lions Bay. The Village is now introducing a new format for Guest Parking Permits.

Please note that as of **November 1, 2023**, the current pass format will not be valid and use of these passes after this date may incur a parking infraction.

Please come by the Village Office between 9am and 4pm Monday to Friday (excluding

statutory holidays) to pick up a sheet of the new guest passes. Passes are limited to one sheet of six Guest Parking Permits per day, per address. The Village appreciates your cooperation in ensuring the success of the parking management system.

October is Foster Family Month in British Columbia.

Foster families and caregivers play an important role in the lives of young people and the contribution they make to our communities is vital to helping children and youth reach their full potential. The impact that foster families and caregivers have on the young people in their care will last a lifetime and we wish to recognize and honour them for the support they give to the young people in their care.

Welcome to Miller Capilano's annual customer survey. We appreciate you taking the time to participate. Results from this survey can lead to improvements in operations and road infrastructure.

Council & Committee Meetings

NEXT REGULAR COUNCIL MEETING:

October 17, 2023 at 6:00pm*

*Closed session will begin at 6:00pm followed by the public meeting at 7:00pm

View the Council and Committee Schedules, Agendas, & Minutes [HERE!](#)

Video conferencing is available for public participation via Zoom. Instructions on how to attend and publicly participate in a meeting can be found [here](#).

Public Viewing Etiquette:

- *Public participation is still available on Zoom, during the Public Participation section of the agenda. Attendees will have two minutes to speak on any matter at the beginning of the meeting*
 - *Silent viewing only, until you are called upon to speak (if desired).*
 - *Please do not interrupt Council discussion.*
 - *Limit background distractions by muting your microphone and keeping video turned off until such time as it's your turn to speak (if applicable).*
 - *If interruptions are repeated, the participant will be removed from the meeting*
-

Hyperphagia

An increase in bear feeding activity that is driven by a biological need to fatten up before winter

A CRITICAL TIME FOR BEARS

The fat reserves a bear builds during the fall are critical for their survival. If they don't get enough to eat in the fall, mothers won't produce cubs and some bears can die in their den. The reserves built from hyperphagia will last the bear through winter and well into the following spring.

TIME OF YEAR

Hyperphagia typically lasts mid August through to late September or October, during which time bears will feed and drink upwards to 20 hours a day!

HUMANS NEED TO BE EXTRA VIGILANT

We need to take every precaution during this time to help prevent human-bear conflict. This means managing attractants like bird feeders, garbage, fruit trees and keeping your BBQ clean. Keep your doors and windows closed and locked, especially at night and when you are out.

WINTER DEN

With few natural foods available in the winter, black bears enter a state of dormancy (or hibernation) to conserve energy. On the south coast, black bears typically hibernate for 3 to 5 months. When bears enter their dens they can go without food and water or the need to go to the bathroom!

Creativity. Captivating. Chemistry. Three words that describe Toronto-based mostly instrumental jazz artists QUEEN KONG. A brass section that will entice you to reconsider jazz boundaries. A tuba heartbeat. Soulful guitar and sublime harmonies by clarinet, trumpet and saxophone all held together by bandmaster-drummer extraordinaire Lorie Wolf. Featuring Toronto's top improvisers (and seasoned soundtrack composers) playing original compositions inspired by Klezmer, Jazz and beyond. Featuring Lorie Wolf (drums), Nathan Dell-Vandenberg, Graham Campbell (guitar), Max Forster (trumpet), Tom Richards (trombone), and John David Williams (clarinet). This will be one incredible soundscape of an afternoon graciously sponsored by realtor Thyra McKilligan/ReMax Masters.
