

# Village Update

November 3, 2023

## UPDATES FROM THE MUNICIPALITY

The Village's new format for Guest Parking Permits is now in effect, as of November 1, 2023. Guest Permits allow residents' guest to park in Permit and street Pay parking zones (not Pay lots i.e Sunset Trail Parking Lot, Lions Bay Beach Park Lot, Kelvin Grove Beach Park Lot).

Please note the old Guest Parking Permit format, as shown, is no longer valid and use of these passes may incur a parking infraction.

Please come by the Village Office between 9am and 4pm Monday to Friday (excluding statutory holidays) to pick up a sheet of the new guest passes. Passes are limited to one sheet of six Guest Parking Permits per day, per address. The Village appreciates your cooperation in ensuring the success of the parking management system.

Some quotes from recipients:

*"The Lions Bay Community Scholarship was such an honour to receive. It made me feel like my community was supporting me during my next step of life. It was hard to leave Lions Bay to go to College but this bit of financial support made it easier. Thank you for helping us pursue education at a higher level without as much financial burden. "*

*"It has only been through recent years that I have realized just how lucky I am to have grown up in such an amazing and supporting community. Receiving the LBC Scholarship in my grade 12 year, represented the continuation of Lions Bay's support, a village that I will forever remember and always call home."*

As we approach the end of our 2023 tax year, please consider donating to the Lions Bay community scholarship foundation and support our graduating youth.

## Time to Sow!

Please join the Lions Bay Butterflyway team for a free seed-sharing and planting workshop on November 4 at 10 am at the village hall. (400 Centre Road) We have collected lots of seeds from our pollinator-friendly plants and we would love to see them distributed throughout the village to help support local bees, butterflies, flies and beetles that depend on nectar and pollen for their development. Come and learn some of the fundamentals of how to grow native plants from seed. We will provide seeds, pots, soil and scones. All you need to provide is enthusiasm and the ability to nurture some seeds throughout the winter. If you would like to take seeds away with you, bring some envelopes. In the spring you can plant your own pollinator garden or donate your seedlings to other gardeners. This is an amazing way to help keep our local ecosystem thriving!

Thank you to the West Vancouver Foundation for their kind support of this event.
