

# Village Update

## SPECIAL EDITION

November 19, 2024

### UPDATES FROM THE MUNICIPALITY

#### Lions Bay Emergency Support Services:

In advance of this week's forthcoming storm system forecasting to bring strong wind to the region, please see the below storm and power outages preparedness information and resources.

Get prepared for severe weather and power outages at [PreparedBC.ca](https://PreparedBC.ca).

#### Safety Reminders:

- Downed power lines are dangerous and are considered an emergency. Call 9-1-1 to report it. Stay back at least 10 metres (the length of a city bus) until help arrives. Never touch or try to move a downed power line.
- Be aware of [carbon monoxide poisoning](#). In the event of a power outage, never heat your home with a gas stovetop or oven. Never use a camp stove, barbeque or propane or kerosene heater indoors. Use gas-powered generators and grills outdoors and away from windows.
- Double check your emergency kit. Think about what you might need to stay safe and comfortable in your home if there is a power outage. Include a flashlight, batteries, an extra power bank, food you can eat without your electric stove or microwave and some warm clothes and blankets.
