## SPECIAL EDITION

March 19, 2025

### UPDATES FROM THE MUNICIPALITY

#### First Bear Sightings in the Village

There have been two reports of a healthy fat bear on Mountain Drive.

As bears emerge from their dens they are desperate for food. Available human garbage and food waste may entice them away from natural foods like berries, grasses and grubs. Now that the bears have returned it is important to be extra vigilant about storing your garbage so that bears cannot access it.
