UPDATES FROM THE MUNICIPALITY

Update Pertaining to Canada Post:

Although the municipality has no direct involvement with the post office and the provision of postal services we are providing information that has been recently obtained.

Communication with Canada Post today indicates that they were informed yesterday of the Store and Café's desire to no longer perform the Postal Services in their contract.

Canada Post indicated they are addressing this matter and will attempt to have a letter in every post box by Friday to update the community.

According to Canada Post there is "no risk of PO Boxes going anywhere", as this is a separate contract distinct from the post boxes and small parcel delivery. The Store and Café contract applies primarily to counter service, and large parcel and overflow parcel delivery at this time. Canada Post is seeking other businesses in Lions Bay to take on the contract.
